PROFILE

I am Aye Thiri Paing. I have learning experiences in developing projects with front-end, back-end, UI/UX design by using HTML, CSS, Java script, SQL. I also love finding unique solutions to complex problem. I'm excited to make the leap and continue refining my skills with the right company.

WORK EXPERIENCE

Kunway Enterprise Co.Ltd | Junior Software Developer
July 2024– March 2025

JOB EXPERIENCE

Data Retrieval System with AI

- Contributed to both frontend development and backend integration.
- Designed and implemented responsive website interfaces.
- Integrated Google Drive API to support file management and data retrieval functions.
- Collaborated with the team to ensure seamless interaction between the AI module and the user interface.

Kunway-AI Hubs Project

- Served as a frontend developer, implementing features based on client and project requirements.
- Conducted research and analysis on functionalities of various AI hubs and language model to inform feature integration.
- Developed user-centric interface components to support AI-based workflows.

Artistry Website

- Took on responsibility for the frontend design of the website.
- Created an engaging and aesthetically cohesive user experience.
- Worked closely with the team to align the design with brand and project goals.

Technologies Used:

Python (Backend), HTML, CSS, SCSS, JavaScript, ReactJS (Frontend), Google Drive API
